## Toyota Navigation & Video Override Module

Tired of not able to access the navigation functions while you are driving your Toyota? Tired of having the Video playback feature<sup>1</sup> but your front passenger can't seem to enjoy it while the vehicle is in motion? If yes, this override module will put you back in the driver's seat!

This override module is an elegant, effective, and reliable solution for Toyota OEM Navigation and Rear Entertainment System (RES) integration. Installing this module on your vehicle allows you to enjoy the following benefits and advantages:

- Plug-n-Play feature eliminates wire cutting and potential void of factory warranty<sup>2</sup>.
- Provides full integration with the factory installed Audio/Navigation system.
- Compatible with other aftermarket equipment designed to enhance the OEM navigation and rear entertainment system<sup>3</sup>.

- Regain access to the navigation functions including inputting address, POI, etc.
- Enable Bluetooth features and entering phone numbers and navigating phone book.
- Access audio folders (MP3 disc) and search your favorite albums or songs.
- Enable video playback while the vehicle is in motion.

## Compatible Toyota Models

Available for the following Toyota vehicles:

- 2006+ Sienna
- 2006+ 4Runner
- 2007+ Camry/Camry Hybrid
- 2007+ Tundra
- 2006+ Sequoia
- 2008+ Highlander/Highlander Hybrid
- 2008+ Land Cruiser (Coming Soon!)

If you have any question or would like to inquire about this product, please do not hesitate to email us or call u.

**DEALER INQUIRY WELCOME!**

<sup>1</sup> Vehicle needs to be equipped with the Rear Entertainment System (RES) option for the video playback feature. Vehicle without the RES option can utilize other compatible aftermarket part which enables the video feature through the navigation screen.

<sup>2</sup> Prestigious Society, Inc. does not guarantee that this module will NOT void your original factory warranty.

<sup>3</sup> Prestigious Society, Inc. has confirmed the module is compatible with other aftermarket parts designed to enhance Toyota OEM audio/video system. Please contact us for more information.

## **DISCLAIMER**

Although this material has been prepared with the intent to provide reliable information, no warranty (express or implied) is made as to its accuracy or completeness. Neither is any liability assumed for loss or damage resulting from reliance on This material. SPECIFICALLY, NO WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR ANY

OTHER WARRANTY IS MADE OR TO BE IMPLIED WITH RESPECT TO THIS MATERIAL. In no event will Prestigious Society, Incorporated or affiliates be liable for any damages, direct or indirect, consequential or compensatory, arising out of the use of this material.

This Nav/Video override module is not intended for the driver of the vehicle to operate (the unit itself as well as the Navigation and Video playback features that are enabled by the unit) while the car is in motion. By purchasing this unit, the buyer has agreed to assume all the responsibility for any potential properties or personal injuries due to misuse of this device.

This override module is designed to work with the original equipped navigation system and software. Any future upgrade on the navigation software, firmware or hardware from Toyota dealerships may potentially create conflict with the override unit that may cause limitation on its original functionalities. As such, Prestigious Society will not accept any returns .

## **ABOUT US**

Prestigious Society was founded in 2007 as an online tuning retailer

specializing in Lexus vehicles and focuses on providing JDM (Japan Domestic Market) wheels, body kits, and accessories to the US market.

As the exterior enhancement market continues to prosper, there is an increasing demand for in-vehicle entertainment for the Lexus owners. In order to better facilitate and enhance existing navigation and audio/video features, Prestigious Society has devoted its effort in providing the Navigation/DVD bypass to the Lexus owners. With our proven Lexus override module and continue inquiries from Toyota owners, we have officially launched the Navigation/Video override module for various Toyota models beginning April of 2009.

Today, we are continuing to serve a wide range of clients. We have also begun to establish a dealer network for our Navigation/DVD and Navigation/Video override solution to better serve our existing and potential clients throughout the US market. We are committed to provide the best quality product, service and knowledge for all of our dealers and clients.
